Open meeting & approved minutes from Feb 26th.
Treasurer Report – Debi Kesner

Family Donations – Several parents have expressed an interest in paying a fee to get them out of volunteering & fundraising. We discussed this as a possibility, however we cannot assess fees, however if a parent wants to make a donation to our organization that is acceptable. Although the fear is that the people who buy out are the people who do the majority of the work. Therefore, will we not have enough people to volunteer to work the Freshman/JV games, etc? This will continue to be looked at and voted on at a later date, due to the fact that we do not have a quorum present at the meeting.

Mike Bossert stated a fact that we need to do fundraisers that the players can participate in. Coach Shaw said he will research about how much the boys can do. Coach will get back with Tasha tomorrow with an answer.

Charlotte Kirk expressed dislike for the fact that we are looking into having the concessions run by a different group than football for the Varsity games on Friday night. Tasha expressed that this is the perfect time to try and see how this works since we only have 4 home games. Nothing has been set in stone yet. Tasha said this would be a great perk for the parents who are the same parents who work every Friday night. That way they can see their child play. Once the negotiations are close to being finalized this will be brought back to the Boosters. We will continue to run concessions for the Monday night JV/Freshman games.

There was much discussion about how to get more parents to volunteer. Tasha discussed maybe making a personal call to the parents asking them to volunteer or help out. Kim Webb stated that we should be tracking volunteer hours for reporting to the school.

Sponsorship forms have been given to the athletes. Tasha expressed how important it is to get sponsorships and do fundraisers so that we can raise enough funds for the upcoming season.
